

# Part 145 Services

## Component Repair & Modification Installation

Tenencia Aerospace Design is an EASA-approved design, production and repair organisation, specialising in providing turn-key solutions.

We are approved by EASA under Part 21 (subpart J Design, subpart G Production) and Part 145 (Maintenance). We hold AS 9100 and ISO 9001 quality management accreditations.

Our repair capabilities encompass several Part 145 Class ratings for composite and metal parts and assemblies. To complete our turn-key modification offering, we can offer a Part 145-approved installation team to relieve MRO resource and provide installation efficiency.
